CODE ENTITLED, “ONE-WAY STREETS”.**

Norton. Discussions Ensued. On roll call, all members  
present voted in the affirmative. Ordinance introduced on  
8/10/10

**PUBLIC HEARING AND ADOPTION OF ORDINANCES:**

Mr. Dwyer, 36 Arlington Avenue – I was asked by Councilman Hauser to make this presentation. I happen to think the four way stop signs is not a good idea. I have lived in Caldwell for 44 years and I have seen people go over the speed limit up and down Arlington. All our yards are huge and children play in those backyards not the front yards. Maybe a better idea would be speed bumps. Various Discussions Ensued.

Mr. Campanello, 35 Arlington Avenue – also feels that the four way stop signs will not be a good idea. His suggestion was grooves in the roadway.

Diane Lilly, Forest Avenue – a little boy was running down the hill on Crane into traffic when the crossing guard was able to stop him before he was hit. Having the Four way stop would have stopped the car.

Trish White, 34 Crane Street – responded that the crossing guard saved the little boy not a stop sign. Also, she feels that the four way stop signs will not work. Her suggestion would be limited parking at the intersections.

Jim Poncek, 53 Arlington Avenue, feels that the grooves would be too noisy for the residents and that the four way stop signs are the safest way. Various Discussions Ensued.

William Edge, 36 Cleveland Road, I know that all the members of this council share in public safety, speeding and traffic. I haven’t heard what the traffic committee has to say about the four way stop signs. Various Discussions Ensued.

**8-184 -RESOLUTION TO ADOPT THE 2010 MUNICIPAL BUDGET**

Councilman Slattery has some concerns about not having enough in some line items, one being the Police overtime. The revenues are down in quite a few areas. Interest on investments, municipal costs, court costs, search fees, tax search fees, sewer usage charges, and fees and permits. My concern is that there would be a short fall based on appropriations of the budget as it stands.

Mayor Gartland introduced Heidi Wohlleb, from Nisivoccia & Company who has done the Audit for 2009 and submitted information with corrective action plan.

Councilman Dassing asks the question to Heidi whether they ever found out about the \$120,000 transfer that was made 12/31/08 and actually the payroll was cut on 1/2/09. Heidi Wohlleb responded that they never received an informative answer so we moved on. We made some adjustments. Councilman Norton responded that technically \$120,000 cannot be identified. The information you can't obtain is from the prior auditor who no longer is with us. Greg Mascera responded that Mr. McEnerney had assured him that they would provide any information that they could and that was done. The question is does it now become a reason to think that it was misappropriated? Heidi responded that she didn't get any indication that it was missing or any kind of wrong doing. I think it's just the way it was accounted for. Marge Cherone, CFO responded that if there is no explanation and personnel cannot figure out were the money is then her suggestion would be a forensic auditor. Councilman Norton responded that we owe it to the taxpayers that we make sure all money is accountable. Various Discussions Ensued.

Jeff Curly, 110 Central Avenue, talking about the hiring of Rob Paterson as Community Center Director. The position I believe is a good position and should have been created by this governing body as directed by ordinance. Personnel Committee should meet and the Council should be reviewing anyone that is making over \$50,000. Various Discussions Ensued.
